Stationary Chair and Single Glider

Stationary Chairs

Adirondack Chairs

Single Gliders  
Double Gliders

Balcony Chairs  
Balcony Tables

Dining Table Sets

Rocking Chairs

## What is Bottlewood?

### ENVIRONMENTALLY FRIENDLY

Bottlewood is made from High Density Polyethylene (HDPE), a recyclable plastic derived from post-consumer waste such as water bottles, detergent bottles, and milk jugs. This material is cleaned in a decontamination process to a purity level of over 99% HDPE, then compounded into solid board stock material.

### WILL NOT DETERIORATE

Exceptional resistance to moisture, insects, splintering, warping, and other hazards of environmental exposure common to wood or wood fiber composite products.

### UV STABILIZED COLOR

High color stability UV pigment systems which minimize material breakdown from prolonged sun and weather exposure.

### ESSENTIALLY MAINTENANCE FREE

Does not require waterproofing, staining, or other similar recurring maintenance other than occasional washing with soap and water.

Standard Colors		Premium Colors		Wood Grain	
Weatherwood		Aruba		Antique Mahogany	
Brown		Lime		Birchwood	
Dark Gray		Yellow		Brazilian Walnut	
Light Gray		Orange		Driftwood
